Business & Company Resource Center (BCRC)

A comprehensive research tool which meets core curriculum requirements in undergraduate and graduate case study work as well as the business research needs. BCRC is much more than a journal database as it also includes brand and trade information, investment reports, stock prices, press releases and much more.

Total Journals	2,487
Full-text Journals	2,466
Market Share Reports	18,400
Companies Histories	13,700
SWOT analyses	950
Case Studies	900+

Business Insight Global (BiG)

Gale Business Insights™ Global is the first online resource that empowers students to not just research topics, but to interpret their research. Deep business intelligence powered by statistical data lets students spend less time searching for data – and more time connecting their discoveries to practical applications. It contains case studies, interactive live charts, global company and country overviews, global industry research reports, academic journal articles, industry overviews, company histories and market share data.
